

## EXCELLENT PROGRAM ON TREES

PRESENTED AT CLUB MEETING

A most interesting program on "Trees" was presented at the semi-monthly meeting of the Woman's Culture Club held yesterday afternoon at the club rooms in the Carnegie Free Library. It was the second meeting of the year and the attendance was unusually large. Mrs. R. R. Felt, the president presided and Mr. J. Harry Brown had charge of the program. The papers were very carefully prepared and were of a very high quality. The first paper, "The Tree as a Symbol," was read by Mrs. J. M. Brown. The second paper, "The Tree as a Source of Food," was read by Mrs. J. M. Brown. The third paper, "The Tree as a Source of Medicine," was read by Mrs. J. M. Brown. ## "BLACKIE" GEMAS GIVEN MEDAL FOR LIFE SAVING DEED

"Blackie" Gemas, blacksmith first-class of the dockyard Laumon, recently received a gold life-saving medal from the Secretary of the Navy for saving a shipwrecked man in the icy waters of Nova Scotia. At the time it was so foggy the drowning man could not be seen, but Gemas, heroically, went aboard after him and brought him safely ashore at South West-Point, Nova Scotia. Gemas lives in this city. He is now playing guard on the Scottdale football team. The black navy eleven plays some of the best service teams in the country, including the Quakers of Philadelphia, which is Nova Scotia. At Yankee Stadium, New York.

If you asked him why the name "Blackie" he would say, "All blacksmiths on the ships are called that, just as all carpenter's masts are called 'Chips'."

Gemas is an all-round athlete. He goes in for the line a competition on the ship and especially the wrestling matches. Wrestling is where he shines. He has taken on some husky men in the matches, including "Tarzan" Knight for, for last two years a champion heavy weight wrestler of the name Bill McMonsters at Greensburg, W. Va. last summer.

## 75% Of All Sickness caused by clogging

Take constipation seriously; remove it promptly with a stiff dose of Dr. Caldwell's Syrup Pepsin

**AN old-fashioned notion** persists that constipation is unavoidable, yet it is easily prevented and may be easily relieved. The fact is that certain foods do not agree with certain people; so avoid those which do not agree with you.

When you feel clogged up take a spoonful of Dr. Caldwell's Syrup Pepsin, and relief will come by morning. Many who are habitually constipated take a dose regularly once a week as a precaution.

There are, of course, many other remedies that you can take besides Dr. Caldwell's Syrup Pepsin. Cathartics and physics in the form of pills and powders, however, are harsh and gripping. Syrup Pepsin is a liquid, a compound of Egyptian senna and pepsin with pleasant aromatics, and it acts gently and mildly but emphatically. The formula is on the package.

Candy cathartics, which usually contain phenolphthalein, a coal-tar drug, may cause skin eruptions, and will waters are simply a purge that dries up the system. You are therefore best off with Dr. Caldwell's Syrup Pepsin. It has been the standard laxative of thousands of families for more than 30 years, and over 10 million bottles are bought annually.

Every druggist sells it, and at so low a price that an average dose costs less than a cent. Many attribute the unbroken good health of their entire family to the general use of Dr. Caldwell's Syrup Pepsin, as Mrs. Alice Graham, Handley, Tex., and Mr. A. F. Schmidt, 1517 Detroit Ave., Toledo, Ohio. They use it for constipation, biliousness, dyspepsia, torpid liver, heartburn, fevers and colds. It contains no narcotics or opiates and is as safe for an infant as for you.

People who know will tell you that Syrup Pepsin is a truly wonderful internal treatment, which dispels all forms of intestinal poisons resulting from constipation and indigestion, disorders which cause 75 per cent of all the more serious diseases. A teaspoonful when you are feverish or feel a cold coming on may ward off an illness and save you time, money and inconvenience.

**Free Sample Bottle Coupon**

There are people who very rightly prefer to try a thing before they buy it. Let them call this coupon, fill their name and address on it, and send it to the Syrup Pepsin Co., 218 Washington Street, Mendota, Illinois, and a free sample bottle of Dr. Caldwell's Syrup Pepsin will be sent them postpaid by mail. Do not include postage. It is free.

## What BEECHAM'S PILLS are good for

Indigestion, Biliousness, Constipation, result from errors of diet and careless, irregular habits of elimination. Sick Headache, Nervousness, Depression, Insomnia, Bad Complexion, are often traceable to the same cause. For prompt relief, take Beecham's Pills. They are simply the concentrated corrective elements of natural medicinal herbs. They begin to act, full strength, as soon as they are swallowed. Beecham's Pills—tasteless, effective—have been used for years to make digestion vigorous and keep the body in permanently clean—the real foundation of good health.

### MARKING YOUR TICKET SO IT

#### WILL BE COUNTED.

Young voters, and even some of the more mature voters who are not altogether sure that they know how to mark their ticket at the coming election, can very profitably spend some time in a study of the election proclamation of Sheriff Adams, published in Monday's issue of The Courier.

In addition to forming a sample ballot this proclamation gives certain specific instructions the object of which is to enable voters to mark their ballot in the proper manner.

As voters generally are aware they do not vote directly for the nominees for President and Vice President. Instead, they vote for 38 presidential electors, that being the number to which Pennsylvania is entitled in the electoral college.

On another part of the ballot there appear the lists of candidates, other than presidential electors, to be voted for, including judge of the superior court, state treasurer, auditor general, representative in Congress, representatives in the General Assembly from the first and second districts.

In the first column of the ballot the party names are listed with a square to the right of each. To vote a straight party ticket, for presidential electors as well as for all other offices to be filled, the voter will mark a cross (X) in the square opposite the name of the party of his or her choice.

Should a cross mark be made in the square at the head of a column of presidential electors, opposite the name of a party and its presidential candidates, the voter will be casting a vote for all of the 38 electors of that party, but for no other candidate; the party name in the first column, such a cross mark will have to be made opposite the name of every candidate for whom it is desired to vote.

To vote for an individual candidate of another party, after marking in the party square, the voter must make a cross mark opposite his or her name. For an office where more than one candidate is to be elected after marking in the party square in column one, may divide his or her vote by making a cross in the square to the right of each candidate for whom he or she desires to vote. For such office votes shall not be counted for candidates not individually marked. On the present ballot the office of representative in the General Assembly from the second district is the only one where one or more candidates is to be elected. In this case three are to be chosen.

In addition to the offices to be voted for two questions are submitted for approval or rejection by the voters. The first is, "Shall a Constitutional Convention be held in 1935, as provided by Act of Assembly, approved June 12, 1933?" Voters favoring the question will mark a cross in the square opposite the word "Yes"; those opposed will mark a cross opposite the word "No."

The second question, "Shall the County of Fayette establish a County Hospital for the treatment of persons afflicted with tuberculosis?" will be voted for or against in the same manner as the Constitutional Convention question.

Keeping the foregoing facts in mind voters ought to have no difficulty in marking their ballots precisely as they wish to vote and thereby avoid having their ballots rejected because of improper marking.

The customers of the Fayette County Gas Company having lost all hope of ever again having a cheap supply, it is suggested that the next Virginia power company should give its name to "The Natural Gas Company."

The announcement that Clarence Morrow, defender of Leopold and Loeb, will take the stump for La Follette is evidently intended to create the impression that there are "mitigating circumstances" in connection with the Third Party campaign.

Discharged from Hospital, Lewis Madden, son of Mr. and Mrs. Frank Madden of Vanderburg, who underwent a tonsil operation yesterday at the Conneltsville State Hospital returned home this morning.

## Thinking for Themselves

Harrisburg Telegraph.

The Midwest News, of Omaha, the biggest labor paper in the home state of Governor Bryan, has come out for Coolidge and Dawes.

This journal has had intimate knowledge of Governor Bryan's administration in Nebraska, and is able to form a true judgment of the reforms he claims to have made in that state. Acting on the judgment it proffers to have the national government continued under the direction of the Coolidge Administration.

The News also has unusual opportunity for comparing the labor records of the candidates in the field. With the facts before it, the paper chooses the Republican ticket.

The action of the management of the Midwest News probably comes as a distinct shock to Messrs. LaFollette and Bryan, but it is no surprise to most of our citizens.

The ability of our workers to think for themselves has been demonstrated before, and in Omaha they are not slow in letting their friends know what they think of the flippers' attempt to deliver their vote to the third party.

The editor of the News is not so foolish as to announce a policy that he knows to be in opposition to most of his subscribers.

The fact that he is out for Coolidge and Dawes is evidence that he knows the wage earners of Nebraska are thinking as he does.

## The Neglected Sex

Philadelphia Evening Ledger.

Twenty-five years ago or more Francis Wilson, in the course of an address to a lot of women on Mother's Day, remarked that he thought some thought should be done to show some appreciation for the fathers. The men were ignored on their wedding day, he said, as no one had eyes for any one but the bride. There were mother-home-and-heaven songs, but the songs about the men were such as "Father, Dear Father, Some Home With Me Now" or "Everybody Works But Father." He suggested the observance of Father's Day.

His proposal started something, for the third Sunday in October has been set apart to glorify the fathers. It will be observed tomorrow in many churches, when the fathers will be served with their children and the clergyman will tell the fathers about their parental duties.

But it is worthy of note that nothing came of the suggestion of Mr. Wilson until the equal suffering among men had been adopted and women were entering into a new political estate. Something had to be done to preserve the self-respect of the fathers. Whether it has served its purpose only the fathers themselves can say, and they have thus far been silent.

## JAPAN HOLDS KEY TO CONTROL OF FAR EAST

By J. W. T. MASON

(Written for The United Press)

NEW YORK, Oct. 21.—The first steps toward the creation of a Russo-Japanese-Chinese entente to control the Far East are now being taken. If the movement is to have a real assurance of large success, Germany will have to enter the combination. A quadruple understanding among these nations would entirely change the world balance of power and would hold possibilities of all four powers coming back to the front rank of international influence.

Japan holds the key to this development of the future. The Japanese have suffered so severely a recent because the world interprets the immigration effort that it is the paramount policy of Tokyo to regain Japan's lost prestige. Everything at the Tokyo foreign office is subordinate to this intention. How the recovery will be brought about is a matter of the future; but the Japanese are determined that it shall be done.

All First Rank Powers. At present the best chance lies in the creation of a new relationship with China, by winning China's friendship, and then reaching a full understanding with Russia and later with Germany. Japan, China, Russia and Germany are all first rank powers, in potentiality, who at present have their individual difficulties in sustaining their positions.

Weaknesses of nations do not as a rule increase their common power much by uniting. Their individual weaknesses combine into a common weakness. But, the weaknesses of Japan, Russia and Germany are not permanent afflictions. They are temporary accidents in the turn of events. Therefore, the three powers can mutually help one another to get back to their feet, with China as a reserve force.

Among the four nations, the Japanese have been least weakened by recent world happenings. China, Russia and Germany are really wounded in a physical sense. The Japanese wounds are to her pride and self-confidence. Therefore the Japanese are

## THE POOR SHOT.

I'm what the hunters laugh to see. I'm what the hunters joke at me. I think they ought a phrase for me. I'm what they term a "rotten shot." For always when the particles rise. There seems a mist before my eyes.

I love to be the dog at point. I like the crisp October day. I like the hawk they call "the joint." At night I like to "sit the lay." Perhaps I'm happier of the lot. Because I am "a rotten shot!"

I call it hunting when I go. To tramp the woods with dog and gun. And friends it is a joy to know: But always when the day is done. And it pleases me to see. The birds I shot at got away.

It is enough for me to be. Out there where life is free from shame. To rest beneath a friendly tree. And come to peace while seeking game. Sometimes I think 'twould spoil it all. If at my hand a bird should fall.

My fault is mine, but let it last. When my career on earth is run. And I am judged for what I am. And blamed or praised for what I've done. Perhaps it will not be forgot. That I was called "a rotten shot." Copyright 1921 Edgar A. Guest.

## SELECT CHILDREN TO DO UNVEILING AT MT. PLEASANT

Committee of Memorial Association Shapes Up Plans for November 11.

### FUNDS SOMEWHAT SHORT

Few More Contributions to Dollar Fund Would Enable Organization to Clear Away Debris; Women Is Hurt by Auto 'Trout' Distributed.

Special to The Courier  
MOUNT PLEASANT, Oct. 21.—The Memorial Association committee held a meeting at the borough building last evening, and plans are shaping for the unveiling and dedication of the monument on November 11.

The report of the committee was accepted and the following children have been chosen to unveil the monument. These children are: Lewis Harkins, 10 years old, Esther A. Stevens, 11 years old, Betty Zundel, nine years old, Sherie Washabach, eight years old, Rachel Miller, 12 years old, and Edwin Anderson, 10 years old.

S. C. Stevenson, chairman of the unveiling committee, reported that within a week or 10 days invitations will be mailed out.

The committee decided that each church should set a time for the dedication of the marker on the soldiers' lot in its own cemetery. Mr. Kellar, who represented the Polish congregation, reported that Rev. Michael Kozlowski, pastor of the church, had designated Sunday afternoon, November 3, for the unveiling of the tablet in the Polish Cemetery. The Slovak congregation, represented by Mr. Kovarik, and St. Joseph's, as well as the Legion, for the Mount Pleasant Cemetery, are asked to set a date.

The finances are just a little short and the committee feels that perhaps there are those who have been overlooked who would like to give a dollar. Treasurer S. C. Stevenson has his office in Church street. All persons contributing to this dollar fund will have their names published. Money required for this work must be as each time the committee has meetings some new expense looms before it. So for the running expenses of the committee has been but a little over \$29 for stationery, etc. Another meeting will be held next Monday evening.

Injured by Automobile.  
Mary DePinto, 101 Capata street, New Kensington, is in the Memorial Hospital here, suffering from injuries to the leg and internal injuries, following an accident on Mutual Hill about 5:30 o'clock Sunday evening.

She got out of a machine and walked across the road and just as she got to the middle turned and walked back, stepping in front of another car. The woman is 55 years old.

Break Trout Distributed.  
Twenty cans of brook trout were received yesterday afternoon by the Mount Pleasant Hunting & Fishing Association. These were taken out and distributed in the streams near town.

Hospital Staff Elects.  
At a meeting of the staff of physicians and surgeons of the Memorial Hospital, Dr. W. A. Marsh was chosen president and Dr. D. Allison Walker, secretary. Dr. Marsh will represent the staff on the Training School Committee. The staff will have regular meetings each month and all physicians who practice in the hospital are urged to attend.

Personal.  
Mr. and Mrs. Robert Promovius are the proud parents of a son, born at their home in the Bank Plaza.

Mrs. Belle Seivens of Wilkesburg who visited with Mrs. Saville McAfee for the past two weeks has gone to Scottsdale to visit friends.

Mr. and Mrs. J. J. Spence and Mr. and Mrs. C. J. Spence and Mr. and Mrs. Charles Hending have returned from a visit to friends at Gettysburg.

Miss Mary Weikert of Harrisburg, assistant secretary to the State W. C. T. U. Secretary, stopped off here on Sunday and visited with Mrs. J. J. Spence of Main street.

Mr. and Mrs. William Howard and Mr. and Mrs. Lightcap of Brownsville spent Sunday with Mr. and Mrs. Thomas Easton.

### "CAP" STORIES

## All Connellsville Stands Amazed At Wonderful Results Brought by New Remedy

### Many Men and Women Give Their Testimony.

Victims complain of headaches, gassy conditions of the stomach, indigestion, dizziness, aching pain in the back or limbs, spots before the eyes, bad blood or female weakness, become nervous or tired and worn out. Many have little desire for nourishment. The Connellsville Drug Co., absolutely guarantees this preparation for any of the above ailments.

Mr. E. A. Smith, Dunbar, R. D. No. 1, says: "I don't remember when I ever felt as well as I do now. After taking 3 boxes of Skin Tone Capsules there is not a pain in my joints. My bowels are regular and when I go to bed I sleep like a rock."

Mr. F. M. Clark, South Connellsville, employed by the B. & O. Railroad and known all over the state, declares he never found a preparation to act as these capsules do. I suffered all the time from indigestion. Everything I ate caused me to belch and bloat and I always had a terrible pain in my stomach, and I just felt miserable all of the time. But, after taking 3 boxes of Skin Tone Capsules I feel like a different man again. My stomach is O. K. My bowels are regular and easy and I am sleeping fine.

For thousands of years probably ever since the world began mankind has been suffering from complaints which have defied analysis. Stomachs have been weak and disordered failure to properly digest and assimilate food, and as a result millions have fallen away to mere skeletons with their stomachs full, frequently there is a burning sensation in the pit of the stomach and sour substances arise in the throat, gas forms, bloating out the stomach, pressing upward often causing fluttering of the heart and making the victim feel as though he was being suffocated. All these troubles have been called by one name, "Stomach Trouble," but in a few, comparatively few instances have the regular stomach remedies brought relief. But there is cheer and hope in the news that there has been introduced a new remedy that is being pronounced a boom to all sufferers of stomach neglect. The wonderful natural remedy is called Skin Tone Capsules and is being introduced at the Connellsville Drug Co.

No matter how slight or long-standing the case might be, no matter what kidney, liver, rheumatic or catarrhal complications may have set in, Skin Tone Capsules has promised to pave the way to quick recovery and return to health, strength and happiness.

## Fourth Ton Litter of Hogs in County Owned By O. W. Rittenhouse

The fourth ton litter was weighed today by E. J. Waller of State College when the litter of nine pure bred Poland China pigs owned by O. W. Rittenhouse produced 2,032½ pounds of pork in 180 days. The record on this litter was started on April 15 and after a very poor start Mr. Rittenhouse did some excellent feeding in order to make the desired gain.

## Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:—Your "Krambled Bran" used by me as a cereal, has done more for me in two weeks than the best of doctors' worth of medicine I have taken in the last twenty years for constipation. It is wonderful, and it is so simple. Yours truly, Arlington E. Carman, Pateboro, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed where drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestine. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the

## Wyoming Woman Runs for Governorship

MRS. NELLIE T. ROSS.

Mrs. Nellie Taylor Ross, widow of the late Governor William B. Ross of Wyoming, who died on October 2nd, has been nominated by acclamation to be the Democratic nominee for her husband's office.

Her feeding method at first was to use ground feeds made up of ground oats, wheat and corn with the addition of some milk. As the feeding period advanced the amount of corn was increased and the wheat changed to middlings, until the latter part of the feeding period when over 75 per cent of the ration consisted of corn.

T. W. Gans produced the first litter in Fayette county to weigh a ton or better with nine pigs, while T. J. George's litter of seven pigs weighed 2,037 pounds at six months of age. George's litter weighed his unquestionably the heaviest litter to be grown out in the county this year, when on October 13 his litter of nine pigs weighed 2,300 pounds.

No other one project fostered by the Farm Bureau has produced so much interest and keen competition among the hog breeders as the ton litter contest has. This project will be fostered in another year when many additional hog men will be enrolled.

## Dog Has Bank Account; Makes Own Deposits

Chicago—Him Elbert, an aristocratic building, owns his own cash and deposits it in the bank as a fund against the infirmities of age. So far as known, he is the only dog with a bank account in his own name.

Him is owned by Mrs. Orel Elbert of Sheridan road and he carries his money by going about the premises and putting things in their proper places. He gets a dime for going to bed promptly, and if he whines or barks his pay is cut off. He carries an extra quarter for watching the automobile. If he jumps down from the seat and plays with another dog he loses the quarter.

Once a week he takes his collection of quarters and dimes to the bank, stands in front of the receiving teller's window on his hind legs, gets his hook back and trots home. His balance is \$108 with no withdrawals.

## Boy Salvages \$180 in Discarded Refrigerator

New York—Emulating Old Mother Hubbard, Alexander Simmonetti, ten years old, saw an old broken refrigerator in a vacant lot and thought he would search it for a bone for Rags, his animated and interested companion. But, unlike Mother Hubbard, he not only found an extra rubber band, but rolled up in a little green bundle around to the Simpson street station with his find as fast as his little legs would carry him and turned the bank roll over to Lieutenant Evans, who is keeping it for the owner.

## Care of Voile

Voile requires careful laundering. Never run soap directly on the goods because this will thicken the threads. This material should be soaked in soap suds, washed in warm suds and rinsed twice—first in lukewarm water, then in cold water. A wringer, but squeezed through the hands. A very cool iron will serve for pressing.

## President May Hold Hearings on Sugar Tariff If Necessary

By United Press.

WASHINGTON, Oct. 27.—President Coolidge may hold hearings on the sugar tariff problem if the information he has asked of federal departments fails to clear up the question. It was said at the White House today that the President hoped, however, that this additional delay may not prove necessary.

A final decision on the sugar tariff reduction, recommended by the tariff commission appeared no nearer today with the President still awaiting data required from several government agencies and the belief which the American beet sugar producers are expected to file.

## Murderers Guarded To Prevent Escape

By United Press.

MONTREAL, Quebec, Oct. 27.—Twenty heavily armed provincial police guarded the Bordeaux jail today following receipt of threat that the condemned murderers awaiting execution on Friday will be released.

Mounted police will be added to the guard tomorrow and a day set for the hanging of the three men will line the route of the death march. The men are to be hanged for the murder of a pay car chauffeur during a hold-up last April.

The Supreme Court and the Court of Appeals denied all effort to intervene in behalf of the condemned men.

## INGROWN NAIL Turns Right Out Itself

A few drops of "Ingrown" in the crevice of the ingrowing nail reduces inflammation and pain and so loosens the tender, sensitive skin underneath the toe nail that it can be gently pushed out, and the nail turns naturally outward almost over night.

"Ingrown" is a harmless antiseptic manufactured for chiro-podists. However, anyone can buy from the drug store a tiny bottle containing directions.—Advertisement.

## HEADACHES GONE TIRED NO MORE

Gives Credit to Lydia E. Pinkham's Vegetable Compound. Hopes Other Women Will Benefit by Her Experience

Skowhegan, Me.—"I was sick most of the time and could not get around to my work without being all tired out so I would have to lie down. One day when I was reading the paper I saw the Lydia E. Pinkham's Vegetable Compound advertisement and saw what it did for other women, so I thought I would try it. I have taken and cannot begin to tell you what it has already done for me. I do all my work now and keep up the whole day long without lying down. I have no more headaches nor tired feelings. I hope every woman who takes the Vegetable Compound will get as much benefit out of it as I have."

—Mrs. Percy W. Richardson, R.F.D. No. 2, Skowhegan, Maine.

You have just read how Lydia E. Pinkham's Vegetable Compound helped Mrs. Richardson. She gave it a trial after she saw what it had done for other women. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been thus praised by women. For sale by druggists everywhere.

### Fayette County Athletic League Talks Basketball At Session in Uniontown

Committee Makes Report  
Schedule Approved; Ref-  
erees Are Considered.

#### TALK ON SPORTSMANSHIP

Thirty-eight representatives of various high schools to the county attended the meeting of the Fayette County Interscholastic Athletic League that was held last evening in the Elks Home in Uniontown. The high schools were Dunbar Township, Conneltsville, Uniontown, German Township, South Brownsville, South Union, Redstone, Brownsville, Georges Township, Point Marion, Fairchance, Belle Vernon, and North Union. President Russell, president G. D. Johnson, a member of the football trophy committee of the Penna. State Alumni Association of Fayette County, which has offered the silver trophy to the county football champions, gave a very interesting talk. Mr. Johnson made it clear that the championship team is not decided by the games won or lost, but by the fair playing, sportsmanship and school spirit. It is the aim of the association to develop clean sportsmanship in the county, said Mr. Johnson. The trophy now is in the possession of Redstone Township High School.

Principal J. A. Tansel of the Uniontown High School said that "high school athletics develop good citizens." Principal W. G. Davis of the Conneltsville school gave a very interesting talk. "Although we are interested in the W. P. I. A. L., our school is very interested in local organizations," he said. D. T. Forsythe, principal of the Brownsville school, said his school upholds clean sportsmanship. W. E. Fee of Belle Vernon favored the work of the league. Earl B. Zook, coach of the Redstone football team, gave an interesting talk on sportsmanship. S. W. Jacobs of Point Marion gave a short, interesting speech.

The basketball committee, composed of Albert Montgomery, chairman, of Georges Township; H. W. King of Belle Vernon, Superintendent of Schools of Redstone; H. V. Lucas of Fairchance; J. B. Shultz of German Township and Charles Miller of South Brownsville, reported. The schools, 12 being entered in the league, were divided into two divisions. The northern is composed of Dunbar Township, Perryopolis, Redstone, Brownsville, South Brownsville and Belle Vernon. The southern includes German Township, North Union, South Union, Fairchance, Point Marion, Georges Township and Smithfield. According to the "draft" of the meeting, it is probable that Smithfield will be dropped from the league. With the seventh team in the southern division, the schedule is somewhat conflicting as mid-week games are booked.

Dalestown and Conneltsville also entered in the county league as well as the W. P. I. A. L. The winner between the two schools will meet the winner of both divisions. Thus the championship will be decided three games, one at home, one abroad and one, if necessary, on neutral floor will be played.

An argument arose when the question of girls basketball teams was brought up. The schools with girls teams are Dunbar Township, Brownsville, North Union, South Union, Redstone, Brownsville, Georges, Perryopolis and Belle Vernon. The Department of Health at Harrisburg requested that girls teams play under girls basketball rules, only. Rather than stir a heated argument, the league dropped any connection whatsoever with the female teams. Each school, individually, will have full control over its girls team.

A list of referees was approved at the meeting. The salary of the officials will be decided by the home team. They are as follows: Earl B. Zook, George Brown, Eddie Wall, W. Lewis, J. H. Henderson, A. J. Kewhart, E. W. Brachley, Paul Wright, A. E. Coughenour, Cecil Conn, Robert Austin, Leonard Cornish, John E. Tugus, James Howard, George Sherron, John Ball, Emmett Whitley.

### Mack Pays \$100,000 for "Lefty" Groves

Connie Mack, owner of the Philadelphia club in the American League, has started the baseball world by paying \$100,000 cash for Robert M. "Lefty" Groves, of Leansville, Md., star pitcher of the Baltimore Orioles. This is the second highest sum ever paid for a player, the Yankees having paid \$125,000 for Babe Ruth Groves, who has been playing professionally for six years, won 28 and lost 9 games this year.

### Local Golf Tourney Won by S. S. Furst

Final matches were played Saturday at the Pleasant Valley Country Club to decide the winners of the second annual golf tournament.

S. S. Furst defeated J. Bluer, K. K. Kramer topped V. H. Solomon. Dr. J. H. Martin won over Dr. H. J. Campbell. Mr. Furst was crowned the champ.

### DUNBAR TWP. REVIVED SQUAD MEETS REDSTONE AT REPUBLIC SATURDAY

Confronted by the hardest and stiffest end of its schedule, the Dunbar Township griders are getting down to extra-hard workouts. Although the victory Saturday shows a remarkable improvement, the grid mentor is not letting up but is drilling much harder to keep the lads in the pink of physical condition. Saturday, the Dunbarites will begin their long string of games abroad. The Red and Black contingent will tackle Redstone Township at Republic. Coach Earl B. Zook, star left end for Bethany for several years, is determined to make the local team fight it out Redstone defeated Fairchance, 63-0, Saturday. Fairchance is said to have one of the strongest teams in the county. The Republic squad won the county championship last year and the Red and Black team is in for a real battle.

A large delegation will journey to the game with the team. This will be the fifth game of the season for the Dunbar eleven. Out of their last four games, the Dunbarites have been able to register only one victory. The Dunbar officials expect to give the dopsters another upset Saturday.

## A high heat resisting oil for your motor

The finest motor oil that has ever come from the Atlantic refineries—an oil that'll withstand more battering in the bearings, more heat from the withering blasts in the combustion chambers, more grueling tests of every description than you ever thought possible! That's what the Atlantic dealer has to offer you to-day.

All due to the higher heat resistance—the greater body-holding capacity—imparted to this oil through the Atlantic process of refining.

Put this high-heat-resisting Atlantic in your crankcase and watch your motor perform. No "hissing" signs of power escaping past the pistons! Fewer clackety-clackety engine noises! A better oil in every way that makes for higher motor efficiency and lower operating costs!

### At the Theatres

#### The Paramount

"THE FIGHTING AMERICAN," provides "splendid entertainment" today at the Paramount.

The picture was adapted from the scenario submitted by William M. West Oliver in the "Chick" Loomis inter-collegiate scenario contest, and was awarded first prize, a scholarship.

Oliver is a student in the University of California; also has had considerable travels in China and he drew upon his knowledge of these widely divergent localities.

The hero is expelled from college and muscled his way to China, as a scowaway, where he encounters much adventure in an effort to rescue his sweetheart from the power of leaders of a revolutionary horde of soldiers. Some of the action calls for hazardous experience in shipwreck.

Thomas Ince directed the picture and the 13 stars that appear in it are Pat O'Malley, Mary Astor, Raymond Hatton, Warner Oland, Edwin J. Brady, Taylor Carroll, Clarence Geldert, Alfred Fisher, Jack Byron, James Wang, Edmund King, Jane Starr and Frank Kinsky.

Wednesday and Thursday Alma Rubens will be seen in "The Price She Paid."

#### The Soisson

"FLAMING YOUTH"—A startling expose of modern society with Colleen Moore, Milton Sills, Elliott Dexter and other well known screen stars in the leading roles, is shown today and tomorrow at the Soisson.

There is a strong human lesson to be had in jazz, and the moral is forcefully conveyed in "Flaming Youth."

The picture is a spectacle, but it does not rely upon the spectacular to attain its purpose. As entertainment and as a picture, it is excellent and daring as the best of the best. It has in it hectic drinking parties, blatant, tricky jazz music, impromptu swimming parties where bathing suits are not considered prerequisites.

As a powerful and significant tragedy of life, the picture is artistically and intelligently carried out. To the director, John Francis Dillon, must go a great deal of credit for he has put into this picture the explosive situation of a melodrama.

Colleen Moore playing "Pat," enacts her role with amazing realism, maintaining always her pure ideal despite her surrender to curiosity. Myrtle Steadman, playing the mother, once again demonstrates that she is an actress of no unimportant degree. She is perfectly "Pat."

"Flaming Youth" is worth seeing. There is something new in its quality that approaches poetry, or silent music.

"Lovers Lane" will be the attraction Thursday, Friday and Saturday.

#### The Orpheum

"THE BREAKING POINT," which opened yesterday at this theatre for a three day attraction, presents Nita Naldi, Patry Ruth Miller and Malt Moore in the leading roles.

The action begins in New York where a wealthy and dissolute millionaire is infatuated with a successful actress, Malt Moore, as Judson Clark, and Nita Naldi, as the actress, Beverly Carlyle, have roles in which one becomes a fugitive from justice the other a fugitive from public opinion.

The story moves to Wyoming where the love interest between Clark and Beverly is discovered by the husband. There is a fight, a shot—and then Clark, mortally unbalanced by the sight of a dead man on the floor before him, rushes headlong into a blinding Wyoming blizzard and sure death.

Ten years later he reappears upon the scene of the murder as Dr. Richard Livingston. The secret of those ten years, the mystery of his long absence and the real story of the murder are unfolded by the running reels of "The Breaking Point" from some of the most fascinating romances ever recorded upon a film.

There is a woman in each of the two lives which Malt Moore portrays. The first is Nita Naldi, the other the charming

### HAD TROUBLE WITH PIMPLES

Face and Hands Disfigured. Cuticura Heals.

"My trouble began with pimples breaking out on my face and hands. They were large and hard and feasted and itched. The pimples were in blotches and the hands were in blotches and itched and itched. My face and hands were disfigured with them. I had the trouble about a year.

"I began using Cuticura Soap and Ointment and in a few days the pimples were very much better. I continued the treatment and now I am completely healed." (Signed) Miss Maggie R. Kinsler, Thompsonsboro, Pa., Jan. 12, 1934.

For every person of the toilet and bath, Cuticura Soap, Ointment and Tablets are essential.

### The Arcade

"THE LOVE OF P. GIRLS"—Featuring the famous blackface comedian, Benny Barnes, opened a week's engagement at the Arcade Theatre yesterday in a fair sized matinee audience. The company consists of 12 people and although they lack in number they certainly make up for this in hard work and pep. The singing and dancing of the principals are good. The chorus is not up to the full quota as seen at this theatre this season. The company carries several nice settings. On the screen the comedy picture, featuring the famous one piece fighter, another stirring episode was shown and it is hard to see how any more action could possibly be put into a picture of this kind. There are some great situations in this picture and well worth seeing.

### Smithfield

SMITHFIELD, Oct. 21.—Smithfield can now boast of two vaccination fields. Another one was established Saturday on the highway road a mile west of town on the Weaver farm.

Mrs. C. D. Crow, who has been confined to her home for some time, is no longer. There is but little hope for her recovery.

Benjamin Moore, who was injured 17 months ago by falling from a building and fracturing a hip, is going back to the hospital this week for another operation.

My and Mrs. James Evans spent the week end visiting Mrs. Evans' parents, Mr. and Mrs. Frank Hillen.

### BAD BACK TODAY?

Then Find the Cause and Correct It.

As Other Connellsville Folks Have.

There's little rest or peace for the backache sufferer. Days are tired and weary. Night brings no respite. Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep. Why continue to be a miserable lot? Why not use a stimulant diuretic to a kidney? Your neighbor's recommendation. Don't miss this Connellsville case! H. D. Barclay, Prop. shoe repair shop 135 E. Crawford Ave., residence 311 Planets Ave. says: "The constant sitting in a hard position caused backache. My kidneys were out of control and the secretions often caused soreness. I used Doan's Pills and they helped me from the start. My back was relieved of the torturing pain and my kidneys acted regularly again. I know Doan's are good for kidney troubles."

The man glanced up with a pained look on his face, arose, laid the wand on the ground and with his fingers began to trace a mighty oval. Mungo leaned across the table and gazed with fascinated eyes; Andrea, watching him, could see the pulse throbbing at his temples. He was a new Mungo, somebody young, approachable, jovial, a eager boy. She leaned close to his shoulder. "Please, White Man," she murmured, "please tell me."

Without turning he put one hand out and grasped her wrist as though to still her. "The little man," he explained, "is drawing the spirit of a mighty beast. Look at it and learn it by heart, for it will be a photograph."

Having completed the circumference of his oval, the native was making various tracings on its face, dividing it as with a maze of tracks. When he had apparently finished, he sank back on his heels and gazed critically at his handiwork.

"Watch," said Mungo. "Before he gets up, he'll put a mark, some distinctive feature that distinguishes this spirit from all others."

No sooner had he spoken than the black leaned forward and with a sure touch deepened two of the cracks till they formed a long narrow V running diagonally half across the oval. That done he turned abruptly from his drawing, joined his comrades, turned his back on Mungo and unstoppered a cartridge case, proceeded to take snuff.

Mungo straightened with a long quivering sigh. "It is well," he said in dialect. "We will go." The three wheeled men nodded their heads many times and grinned. With no further instruction, Mungo's attendant scattered to their various preparations, blundered by excited women and children. The camp hummed. Bathub slipped breakfast on the table and then stood on one foot, then on the other in impatience. On the face of all was the same half-anxious, the same look of suppressed but mighty anticipation.

Mungo ate a few mouthfuls but they seemed to choke him. He pushed back his plate, struck his pipe full and lit it. His eyes played over Andrea's face and fired hers with their own brilliance. When he spoke every word thrilled her as though this wonderful morning were surcharged with an emotional current sensitive to every sound and movement.

"Andrea Peller," he said with a happy twinkle of mock solemnity in his glance, "you are about to be initiated into the mysteries of the major guild of many centuries, the closest cooperation of spirit in the world; in three words, the society of elephant hunters. You will probably witness death and I hope and pray for the comfort of the hunted, but for the comfort of your soft heart let me tell you that today we go forth not to slaughter but to battle."

He turned his eyes from her face and continued in a more serious strain: "The hunting of elephants is science. It is a crucible of delicate balanced factors that starts from a cool foundation of mutual respect passes upward through stages of intelligence against intelligence, caution for caution, perseverance on the heels of endurance, until it meets on the high plane of naked courage and sweeps to its tragic climax of white-hot battle and death."

"The eyes came back to her track, like all the great sciences," he continued, "it has used the lives of valiant men for stepping-stones so that we who go out today are backed by the age-long sacrifice of a noble company. Looking back only to the days of black powder and the four-bore rifle we are mere pygmies, but pygmies carried high on the crest of an ancient tradition. We know we have an accumulation of knowledge and man upon that I'm willing to take you with me today if you'll promise to surrender yourself to me, to do just exactly what I tell you and no more and no less."

Eyes wide and intent, cheeks flushed and lips parted, Andrea was too excited to speak. She threw out both hands toward him in a gesture of defiance and with an impetuous gravity that made her look as though she were giving herself into his keeping not for a day but for all time.

## CHAPTER VII.

They started out, a skeleton cavalcade. The three wheeled ones led the way and Andrea measured their importance by the fact that they carried Mungo's battery of rifles, respectfully surrounded by the gunbears to men who were hunters in their own right. Mungo nodded toward them and spoke to Andrea over his shoulder. "The old boys are my brothers in arms and they carry the same as you of us. When it comes down to business they'll step them to the ground."

Richard Andrea, came Marguerite, his ultra-fine blouse and Bathub after him then followed the gunbears, a stout trucker and a single water-boy. No man was allowed even to see the contents from the equal. Over a croaker, Richard carried the food supplies in the bag, and in ten minutes march they came to the river which is called the river.

fully to the camp. Andrea now saw for the first time. Often she had suggested to Mungo that she wished to visit it, but on every occasion his lips had set in a straight line and he had elevated manifold reasons for keeping her from the shores. The most of these arguments were snakes and crocodiles, but while she conceded the strength of these two deterrents she could not escape from an intuitive belief that there was something else—some other and ruling cause in the back of Mungo's mind.

The river was a tremendous-looking stream, deep, sluggish, bordered for the most part by flat-topped banks. Where its shores were broken into shelving slopes these were covered with a towering growth of reeds and nuttall elephant grass. There was a savanna here and there and on each were lying what appeared to be logs cast up by flood.

As the expedition reached the crest of the bank, thereby coming into full view of the river, the lone, one by one, elevated themselves a foot into the air through all their length and moved silently, swiftly, horribly into the air.

Propelled Laboriously Up-Stream by Poles.

ter, Andrea caught her breath. She had seen crocodiles in captivity, but never like this, never free to scurry on distorted legs to sink silently into murky depths and lurk.

"White Man," she whispered, "are they as awful as they look?" "They are," he answered. "It is pretty generally accepted that more natives succumb to crocs in Africa annually than to any other one cause, not excepting famine and smallpox. It sounds unbelievable until you know the native mind. A man will be taken at a certain crossing and half an hour later you may see his companion leisurely wading the stream the same place. The explanation is that they consider that the victim lost his life solely by reason of the cheap brand of 'maelstrom' he carried. Each one is convinced that his own bit of string, rag or twisted wood is the real thing and nothing can dissuade him until the moment when he too is snatched under."

"How ghastly," said Andrea, "and how foolish."
